Everybody - Somebody - Anybody – Nobody

A funny little story to read

Everybody, Somebody, Anybody, and Nobody

There was an important job to be done and Everybody was sure that Somebody would do it,

Anybody could have done it, but Nobody did it

Somebody got angry about that, because it was Everybody's job

Everybody thought Anybody could do it, but Nobody realised that Everybody didn't do it

It ended by Everybody blaming Somebody when actually Nobody could accuse Anybody

A gentleman is preparing to board a plane when he hears that the Pope is on the same flight. Imagine his surprise when the Pope sits down in the seat next to him.

Shortly after take-off, the Pope starts a crossword puzzle. Almost immediately, the Pope turns to the gentleman and says, "Excuse me, but would you know a four letter word ending in 'u-n-t' that refers to a woman?"

"Oh my god!" the man thought. I can't tell the Pope that. There must be another word." The gentleman thinks for quite a while, then it hits him. Turning to the Pope, the gentleman says, "I think the word you're looking for is 'Aunt'."

"Oh, of course!" the Pope exclaims. "Do you have an eraser?"

What should a man never say to a policeman?

"I can't reach my license... here, hold my beer, please!"

A preacher said: "If I had all the beer in the world, I'd take it and throw it into the river." And the congregation cried, "Amen!" He continued: "And if I had all the wine in the world, I'd take it and throw it in the river". And the congregation cried, "Amen!" "And if I had all the whiskey and rum in the world, I'd take it all and throw it in the river". Again, the congregation cried, "Amen!" The preacher sat down. A man feared his wife was not hearing as well as she used to, and he thought she might need an aid. Not quite sure how to approach her, he called the family doctor to discuss the problem. The doctor told him there is a simple informal test the husband could perform to give the doctor a better idea about her hearing loss.

"Here's what you do," said the doctor.

"Stand about 40 feet away from her and in a normal conversational speaking tone see if she hears you. If not, go to 30 feet, then 20 feet, and so on until you get a response."

That evening, the wife is in the kitchen cooking dinner, and he was in the den. He says to him, "I'm about 40 feet away. Let's see what happens."

In a normal tone he asks, "Honey, what's for dinner?" No response. So, the husband moves to closer to the kitchen, about 30 feet from his wife, and repeats,

"Honey, what's for dinner?" Still, no response. Next, he moves into the dining room where he is about 20 feet from his wife and asks, "Honey, What's for dinner?"

Again, no response. So, he walks up to the kitchen door, about 10 feet away.

"Honey, what's for dinner?" Again, there is no response. So, he walks right up behind her.

"Honey, what's for dinner?"(I just love this.)

"Earl, for the 5th time, CHICKEN!"

“In the Sahara Forest,” says the puny man. “You mean the Sahara Desert?” says the lumberjack,
